

PRESS STATEMENT

Copenhagen, 21 February 2018

Inpay acquires Eurogiro

The leading postal payments network Eurogiro A/S, has joined forces with the licensed FinTech company Inpay A/S, which will bring continuity, innovation and exciting growth opportunities to all Eurogiro members.

Michel Stuijt, CEO of Eurogiro A/S, says: "Inpay has a great track record in offering cross-border payment services and solutions to financial institutions. I am very excited to bring these benefits to all our members and place them in pole position for the future developments in the financial industry."

Jacob Tackmann Thomsen, CEO and Founder of Inpay A/S: "Eurogiro is a very strong strategic fit with our business in which we successfully serve financial institutions. Inpay is extremely committed to ensuring the continuity and growth of Eurogiro and to bringing innovative products and services to its members."

Moving forward, Eurogiro will continue as an independent company with its distinctive postal identity and maintain its strong postal brand while evolving into a truly global non-exclusive open platform.

About Eurogiro

Eurogiro operates a global infrastructure that enables postal organisations, banks and other financial institutions to execute cross-border payments for their customers. Eurogiro, via its members, covers more than 55 countries on the main continents. Since its establishment in 1993 by 14 European postal organisations Eurogiro has provided a stable and reliable service.

About Inpay

Inpay is a regulated and licensed Danish FinTech company with 50 employees, specialising in the provision of white label cross-border payment services. Based on its unique payments infrastructure, Inpay delivers real-time cross border payments in 60+ countries as well as a suite of white-label solutions to financial institutions and large corporates.
